VISITOR INSTRUCTIONS FOR PARKING AT EAST WEST

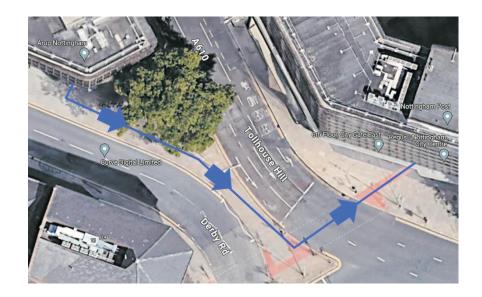

Our car park is at City Gate West, accessed from Vernon Street, NG1 5FT. Please note that this car park has a low clearance height of just 2.1m and tight turns, so please be mindful of this.

Please ensure you have booked a parking space and know the space number you will be parking in. When you arrive at the barrier, press the bell symbol and advise the attendant you are visiting Roythornes and which space you are parking in.

You will enter the car park at level 4. Our spaces are on level 2, so turn left as you enter the car park and drive **down two levels**, turning right at the bottom of each ramp.

When you reach level 2, the visitor spaces are outlined on the plan to the left, and each space is clearly labelled in the car park itself. The pedestrian exit is marked by the arrow. You can catch the lift or take the stairs to walk **up one level** and follow signage to Exit and East Block, to leave the car park at street level.

Once outside, turn left and follow the route as on the left. The entrance to our building is directly in front of you as you cross the road.

A member of the Operations team at Roythornes will provide you with a PIN before you leave, which you will need to enter at the pedestrian entrance of the car park when you are leaving, either through the main entrance of City Gate West, or through the same door you exited from if you require step free access.

Please remember that you will need to go <u>down one level</u> to reach your car, and then drive **up two levels** to exit the car park.

When you leave, either enter the PIN on the keypad or press the bell symbol to advise the attendant you were visiting Roythornes but are now leaving.
